Industry trends

In 2012, a national qualification for Mental Health Peer Support workers was endorsed (Certificate IV in Mental Health Peer Work). Peer Support is a vital role within the mental health workforce and involves the delivery of services by workers who have lived experience of mental health problems as either a consumer or carer and who work in mental health services in roles that support consumer peers or carer peers.

Course Information

Delivery Method

The Certificate IV in Mental Health Peer Work is delivered through a blended delivery method. You will be provided with a 'Learner Resource' and 'Assessment Booklet' for each unit of competency. Assessments are to be completed in normal word document attached to an email and sent directly to your trainer for all theoretical assessments.

It is a requirement of this qualification that you will undertake work placement. This will provide you with the necessary practical skills and workplace experience. Demonstration of performance will be provided through a practical logbook to ensure students are fully equipped to enter the workforce after the completion of the qualification.

Work Placement

Duration: Time is based on tasks required to be completed through a log book

Work placement outline

Health Industry Training recognises that an important part of undertaking a qualification in health or community services is the practical component of the course. Work placement provides students with an avenue to apply practical skills in a 'real life' environment where you are able to practice the skills and knowledge you have learnt during the course.

It is a requirement of this qualification for students to undertake work placement for the Certificate IV in Mental Health Peer Work.

Health Industry Training will work with you to find a suitable organisation for your work placement. As a student it is important for you to discuss work placement opportunities with local organisations. Once you have sourced a relevant host employer, Health Industry Training will be responsible for contacting them on your behalf to discuss work placement requirements.

Insurance

Health Industry Training provides insurance to all students undertaking work placement as part of their qualification. Insurance covers Public Liability and Volunteer Workers insurance.

Pre-requirements

Depending on the organisation where you undertake placement, you may need to conduct a number of pre-placement requirements. All students will need to undertake a National Criminal Record check prior to placement. Health Industry Training can arrange the National Criminal Record check on your behalf for the cost of \$18. Alternatively you can contact your local police station.

Assessment Methods

Health Industry Training uses a range of assessment methods to ensure sufficient evidence can be gathered to demonstrate you can perform the tasks against the specified criteria. Assessment methods can include:

- Short answer questions
- Projects
- Case studies
- Scenarios
- Reports
- Workplace portfolios
- Work placement logbook
- Research reports
- Presentations

Recognition of Prior Learning

Many of our students already have a high level of skills, knowledge and expertise that can be recognised through a Recognition of Prior Learning (RPL) process.

RPL takes into account previous formal study, work and life experience and then assesses this against the elements of competency to determine if you can receive credit toward a qualification. Students seeking recognition can apply for RPL on enrolment into a qualification or throughout the duration of their study.

Credit Transfer

If you have completed a unit of competency within your intended qualification with another Registered Training Organisation (RTO) you may be able to apply for a credit transfer or exemption. A copy of the original transcript must be provided when applying for a credit transfer.
