Prospect Career Roles	Therapy assistant Podiatry assistant Physiotherapy assistant Speech pathology assistant Allied health assistant Community rehabilitation assistant
------------------------------	---

Assessment Methods	Short answer questions Projects Case studies Practical placement Simulated assessments
---------------------------	--

Industry trend

Australia has more than 90,000 allied health professionals, who work alongside doctors and nurses to provide optimum health care for all Australians.

Allied Health Assistants work under the direction of professional staff such as doctors, social workers, physiotherapists, speech pathologists, occupational therapists, diversional therapists, home economists and nurses. They assist senior staff by visiting clients, preparing written and verbal reports, and helping with personal care that clients or carers may not be able to undertake.

Our ageing population and the increased focus on primary health care means that roles associated with allied health will continue to increase. This will potentially include multi-specialty practice or multidisciplinary teams operating within primary care involving allied health and medical practitioners, and increased establishment/uptake of roles and training for allied health assistants.

Course Information

Delivery Method

The Certificate IV in Allied Health Assistance is delivered through a blended delivery method.

Students are provided with learner resources and assessment handbooks for each unit of competency. The assessment handbooks provide students with instructions on submitting assessments.

Practical Placement

Health Industry Training recognises that an important part of undertaking a qualification in health or community services is the practical component of the course. Practical placement provides students with an avenue to apply practical skills in a 'real life' environment where you can practice the skills and knowledge you have learnt during the course.

It is compulsory for students to undertake practical placement for the Certificate IV in Allied Health Assistance. **See Course Structure for placement hours required as per training packaging rules.**

Securing Practical Placement

As a student it is important for you to discuss work placement opportunities with local organisations. Practical placement must be sourced prior to commencing the units of competency within the qualification that have a practical component. Once you have sourced a relevant host employer, Health Industry Training will contact them on your behalf to discuss practical placement requirements.

Insurance

Health Industry Training provides insurance to all students undertaking work placement as part of their qualification.

Pre-requirements

As a student you must ensure you have completed the necessary 'Prior to practical work placement' activities listed below before practical placement can commence.

- National Criminal History Clearance
- Immunisations and screening

Assessment Methods

Health Industry Training uses a range of assessment methods to ensure sufficient evidence can be gathered to demonstrate you can perform the tasks against the specified criteria. Assessment methods can include:

- Short answer questions
- Projects / Reports
- Case studies
- Scenarios
- Workplace portfolios
- Practical placement logbook

Recognition of Prior Learning

RPL considers previous formal study and work experience and then assesses this against the elements of competency to determine competency. Students seeking recognition can apply for RPL on enrolment or throughout the duration of their study.

Credit Transfer

If you have completed a unit of competency within your intended qualification with another Registered Training Organisation (RTO) you may be able to apply for a credit transfer or exemption. A copy of the original transcript must be provided when applying for credit transfer.

Admission Requirements

Entry Requirements

To enrol in the Certificate IV in Allied Health Assistance it is anticipated that you will have completed year 10 or equivalent.

In addition, students are required to provide Health Industry Training with their Unique Student Identifier number.

Minimum Age Requirements

The minimum age for this course is 16 years old. If you are under 18 years of age your enrolment form must be signed by a parent or guardian.

Literacy, Language, Numeracy (LLN) Requirements

Students must have an adequate level of Language, Literacy and Numeracy skills (LLN). Entry into the course requires English proficiency to Year 10 level or equivalent. Students are able to test their LLN skills by completing an LLN test by emailing info@healthindustrytraining.org.

Student Support

Throughout your course with Health Industry Training, you will be provided with a range of support services depending on your individual needs.

Trainer support: You will be provided with a team of dedicated trainers who are there to support and guide you through. You may contact a trainer via phone and e-mail for assistance. Your main support trainer will also contact you on a regular basis to ensure you are on track to finish your qualification within your timeframe. Our professional trainers are there to ensure you have a successful learning journey.

In addition to your trainer, the administration team can provide you with support including your enrolment, changes to contact details or study plan, progress report and any issues you may encounter throughout your course.

Peer support

Health Industry Training appreciates that distance/online learning can be an isolated experience for some students. To assist with isolation all students have the option to be part of a Facebook peer support group. Peer support groups can be a positive experience where you can study with like-minded people, ask questions relating to your course and build friendships.

Course fees and Financial Support

Funding for Queensland residents

Health Industry Training is proud to be a pre-qualified supplier for the Queensland Government, under the Higher Level Skills program. To be eligible for the Higher Level Skills funding, participants must not hold or be undertaking a Certificate IV or higher qualification.

It is a requirement under the Queensland Government funding that all students contribute to the cost of training and assessment services. The fee may be paid on behalf of the student by a third party including an employer but cannot be paid or waived by Health Industry Training.

The contribution fee is different for students classed as concession and students classed as non-concession.

Concessional student status applies when:

- (a) the student holds a Health Care or Pensioner Concession Card issued under Commonwealth law, or is the partner or a dependant of a person who holds a Health Care or Pensioner Concession Card and is named on the card;
- (b) the student provides Health Industry Training with an official form under Commonwealth law confirming that the student, their partner or the person of whom the student is a dependant is entitled to concessions under a Health Care or Pensioner Concession Card;
- (c) the student is an Aboriginal or Torres Strait Islander;
- (d) the student is a school student and is enrolled in a VETiS program (may include young people in detention);
- (e) the student has a disability; or
- (f) the student is an adult prisoner.

Non-concessional student status applies if:

- (a) none of the above relates to the student status at the time of enrolment; or
- (b) the contribution fees are paid by a third-party including employer, or job network provider.

Funding for South Australia residents

Health Industry Training is proud to be a preferred supplier for the South Australia government's WorkReady initiative. You may be eligible for government subsidised training if you live or work in South Australia and you are:

- an Australian or New Zealand citizen
- a permanent Australian resident, or
- an eligible visa holder

and you are:

- 16 years or over and not enrolled at school, or
- 16 years or over, enrolled in school and undertaking training through the Training Guarantee for SACE Students (TGSS), or
- undertaking training through a training contract as an apprentice or trainee in an identified course

Eligible participants can access:

- one foundation skills course (if assessed to need it)
- up to five bridging units at every qualification level (if assessed to need them)
- unlimited priority courses.

To check your eligibility for funding visit <https://www.skills.sa.gov.au/subsidised-eligibility>

Traineeships

Skilling South Australia provides subsidies towards the cost of training and assessment services for eligible Trainees and Apprentices. The program aims to assist people to get skills and qualifications to build careers and meet the workforce needs of industry through growth in Traineeships and Apprenticeships.

For more information on Skilling South Australia funding, please visit <https://www.skilling.sa.gov.au/>

Other States - This course is also available to be delivered as a traineeship in other states. Training is available for new and existing employees. Please contact your preferred apprenticeship centre to arrange sign up of your Traineeship.

Fee-paying

To assist students who are not eligible for funding, Health Industry Training offers financial assistance by allowing students to take advantage of our affordable payment plan options (weekly, fortnightly or monthly instalments) (see enrolment form for additional information)

Course Structure

The Certificate IV in Allied Health Assistance has been packaged to include:

16 units are required to be awarded the qualification including:

- 7 core units
